

22 January 1957

MEMORANDUM FOR THE DIRECTOR:

This memorandum is for information only:

The attached correspondence is self-explanatory. But one question remains to be solved. That is: should there be a press conference in Chicago, for some of the MIT people participating in the MIT conference, on February 16, with Doctor Killian, would you agree to participate in such a conference? Nothing is definite yet on this matter.

  
Assistant to the Director
